

**UNITED STATES COURT OF APPEALS
FOR THE SECOND CIRCUIT**

Due to the infrastructure damage Hurricane Sandy caused throughout the mid-Atlantic states, some counsel and pro se litigants who have cases pending in this Court are unable to meet imminent filing deadlines set by the Federal Rules of Appellate Procedure or Court rules. In order to ensure the Court's ability to organize its docket and minimize the number of motions filed seeking an extension of time to comply with filing deadlines,

IT IS HEREBY ORDERED that a filing extension of seven calendar days is granted to filers who are required to submit a brief or other paper during the period beginning October 29, 2012 and ending when electrical power is restored to the locality where the filer works. The seven day extension will be calculated from the date power is restored in the filer's locality. When submitting the brief or paper to the Court the filer must submit a letter stating when the electrical power was restored to that locality.

This extension does not apply to a filer whose office is not located within the geographic area affected by Hurricane Sandy.

s/s Dennis Jacobs
Chief Judge
